PRESERVATIVE FREE ARTIFICIAL TEARS

**DAY OF SURGERY:
EVERY 15 MINUTES x 3 hrs.
THEN EVERY 30-60 MINUTES
UNTIL BED TIME**

Wait 5 minutes between different drops. - Use drops during waking hours only.

AFTER YOUR SURGERY:

- A short nap is advised. Remain quiet the evening of surgery. You may watch TV. Increase activity as your comfort and vision allows. Take your normal over-the-counter pain medication if needed.
- Your vision will be foggy for the first day.
- You may experience some tearing, burning, stinging, light sensitivity, redness, and foreign body sensation.
- Do not drive until after your 1-day post-op appointment. You may return to work and/or drive when you are confident with your vision and your comfort allows.
- If you notice increasing pain or a sudden decrease in vision – call us immediately.
- **ARTIFICIAL TEARS**
 - *FIRST MONTH* – Use Preservative Free Artificial Tears in vials **every hour**
 - *MONTH 2 & 3* – OK to switch to a bottled Artificial Tear every 2 to 3 hours

OTHER IMPORTANT PRECAUTIONS:

- Your vision may fluctuate for the first several weeks.
- You may experience halos and glare around lights at night for the first couple weeks.
- No eye makeup for 3 to 5 days. New mascara is recommended after the procedure.
- Avoid getting soap or water in your eyes while showering for the first week.
- Wear your shields while sleeping or napping for the first week.
- Do not rub or bump your eyes for at least 2 months after surgery.
- No swimming or hot tubs for 2 weeks. No high-impact water sports for 3 months.
- You should protect your eyes from bright sun and wind for 1 month.
