

HOOPES VISION

See Clearly Guarantee and Assurance Program*

We are so confident in our technology and results that we back it up with a full money back guarantee if you don't obtain at least 20/25 or better vision. This guarantee allows you to insure your procedure so that if you do not obtain at least 20/25 or better vision in your 12-month LASIK postoperative period, we will refund your procedure cost.

Our See Clearly Assurance Program provides the security of knowing that if your vision ever falls below 20/40 (*20/50 or worse in distance corrected eye*), we will provide enhancements or touch-ups at no additional charge.

Terms of See Clearly Guarantee and Assurance Program

- Applies to LASIK with IntraLase/FS200 or PRK nearsighted wavefront-optimized treatments on the WaveLight® EX500 laser only.
- Prescription must be -6.00 diopters or less of myopia and less than -3.00 diopters of astigmatism.
- Requires annual eye examination at affiliated eye doctor's office (see list of affiliated doctors on our web page: www.hoopesvision.com).
- Vision must be correctable to 20/20 or better preoperatively.
- Vision deterioration cannot be due to any progressive eye diseases such as glaucoma, cataract, or macular degeneration.
- Must have enough corneal tissue available to safely perform enhancements.
- Must have complied with postoperative medication instructions/regimen and required follow-up examinations.
- If patient achieves 20/25 or better vision with both eyes open at any time during the first year postoperatively, clinic has fulfilled its commitment.
- Program does not guarantee 20/25 or better vision the rest of the patient's life.
- Must be free of certain corneal diseases such as keratoconus or corneal ectasia.
- Patient must make an honest effort when vision is tested.

I acknowledge and agree to the above requirements:

Patient name

Date

*Surgical outcome of 20/20 or lack of complications cannot be guaranteed. Patient must comply with program requirements.
